MANUAL

Xtorm chargers are always pre-charged. This means you can start using your new power bank from the moment you remove it from the box.

The Xtorm Power Bank automatically stops charging when the connected device is fully charged. This means you do not have to worry about overloading your mobile devices.

This Power Bank has a high input and high outputs. These features make it possible to charge connected devices as fast as possible and recharge the Power Bank itself quickly.

The XB-line is part of our contemporary and stylish Power Bank range. This line offers high quality products that are accessible and easy to use.

All Xtorm products have a 2 year warranty in case something goes wrong. We ensure that you will receive a replacement if the product fails within 2 years.
