

Philips Air Performer 9000 Series 4in1 Purifier, Fan, Heater & Humidifier

AMF970/10

- Purifies with powerful 185 m³/h filtration
- Cools you down with a pleasant airflow
- Rapid 3 second heating
- Hygienic humidification with NanoCloud Technology

One smart device. Four seasons of comfort.

Cleans, humidifies, heats and cools you

- Comfort for every season. All in one device.
- Thorough purification of rooms up to 48m²
- On fan mode, enjoy powerful airflow that cools you down
- On heating mode, experience instant warmth
- Hygienic humidification with NanoCloud Technology
- Sleep mode with ultra-quiet operation
- 3-layer HEPA filter traps 99.97% of ultra-fine particles
- Removes allergens, bacteria, viruses, smells, and gases
- Intelligently senses and adapts to your indoor air quality
- Control your device through the remote or with the Air+ app
- Wide 350° airflow coverage
- Designed for easy maintenance

*(1) CADR is tested by a certified third-party lab, according to GB/T18801-2022.

***(2) Calculated to NRCC-54013 standard.

****(3) Displayed temperature may differ from the room temperature; it reflects the temperature around the device.

*****(4) Tested by CVC according to GB/T 23332-2018. Initial temperature of 23±2°C and relative humidity of 30±2% RH.

******(5) Compared to standard ultrasonic humidifier modules that do not contain additional technology to reduce the spread of bacteria, as tested by an independent lab.

******(6) Sound pressure, IEC 60704.

******(7) From the air that passes through the filter, tested to DIN71460 with NaCl aerosol 0.003um and 0.3um, iUTA institute.

******(8) From the air that passes through the filter, tested with house dust mite, birch pollen and cat allergens according to SOP 350.003 of the Austrian OFI institute.

******(9) Microbial Reduction Rate Test by external lab, with influenza (H1N1) in 30m³ test chamber, using turbo mode for 1h.

******(10) Tested to GB21551.3-2010 with S. Albus, 30m³ chamber, 1h, Turbo mode, 3rd party lab.

******(11) External GMT lab test to GB/T 18801-2022 with TVOC, Toluene and NO₂: 30 m³ room, Turbo mode for 1h.

******(12) Calculated average. Lifetime of filter depends on the air quality and usage(11) External GMT lab test to GB/T 18801-2022 with TVOC, Toluene and NO₂: 30 m³ room, Turbo mode for 1h.

Purifies with powerful 185 m³/h filtration, Cools you down with a pleasant airflow, Rapid 3 second heating, Hygienic humidification with NanoCloud Technology

AMF970/10

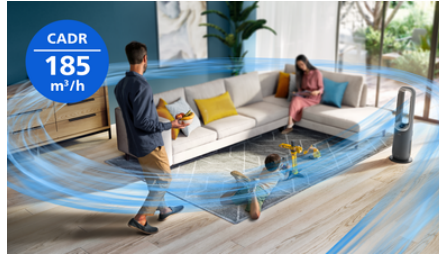

Highlights

4in1 Device

Our first 4in1 device that purifies and humidifies the air, and heats or cools you down. Choose the best mode for your needs and let the device do the rest. Climate control, made simple.

Purification up to 48m²

With powerful filtration of 185 m³/h (CADR) (1), the device can easily purify spaces up to 48 m² and can clean a 20 m² room in less than 16 minutes (2). The device purifies the air in all modes, while purification mode automatically detects the air quality and adjusts airflow accordingly.

Airflow to cool you down

The device delivers a powerful airflow up to 1470 m³/h, while the bladeless design delivers a smooth, consistent stream. For personalized comfort, choose from 10 fan speeds to match your needs.

Instant 3s heating

The device provides immediate warmth in just 3 seconds with adjustable power up to 2200W. Set your auto target temperature from 1-37°C or customize your warmth with 10 heater speeds (App-only). (3)

Hygienic humidification

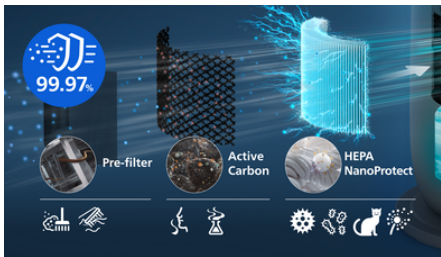

Enjoy hygienic humidification of up to 380 ml/h with NanoCloud technology. Its ultra fine mist releases up to 99.9% fewer bacteria than ultrasonic humidifiers (4,5). When the water tank is full, the device humidifies in all modes. In Humidification mode, you can set your desired humidity level between 30-70%.

Ultra-quiet operation

In sleep mode, the device is quieter than a whisper with only 21 dB(A) of noise levels (6). The light sensor detects when the room is dark, automatically turning off the lights to minimize disturbance.

3-layer HEPA filtration

3-layer filtration made of a pre-filter, HEPA NanoProtect and Active Carbon captures 99.97% of particles as small as 0.003 microns (7) — smaller than the smallest known virus!

Removes harmful particles

Breathe easier with continuous air purification in all modes, removing 99.99% of allergens, 99.9% of airborne viruses and bacteria, as well as reducing harmful gases and odors - safely, with no ions, chemicals, or ozone emissions. (8-11)

Intelligently senses

Smart AeraSense sensors continually scan the air and report in real time, immediately reacting to any changes in pollution, temperature or humidity to improve your air quality.

Specifications

General Specification

Product Type: 4in1 Air Purifier, Fan, Heater, and Humidifier
Technology: HEPA NanoProtect, AeraSense Sensors
Color: Charcoal Grey + Ash Gold
Primary Material: Plastic
Internet connectivity: Yes
Wi-Fi range: 2.4 GHz
Voice control: Yes
Capacity Watertank: 2.6L

Technical Specifications

Maximum power: 2200W (Heating)
Air quality sensors: PM2.5, Gas, Allergens, Temperature, Humidity
Min. sound level: 21 dB(A)
Max. sound level: 48 dB(A)

Performance

CADR (Clean air delivery rate) (particle, GB/T): 185 m³/h (GB/T)
Filter layers: HEPA, Active Carbon, Pre-filter
Particle filtration: 99.97% at 0.003 microns
Humidification rate: 380 ml/h
Max. room size: 48 m²
Fan airflow: 1470 m³/h

Usability

Remote control: Yes
Oscillation: Up to 350°
Cord length: 1.8 m
Scheduler: Yes (in app)
Automatic mode: Yes
Sleep mode: Yes
Speed settings: Yes (10 levels)
Air quality feedback: Color, numerical
Interface: Digital

Weight and Dimensions

Product Length: 36.0 cm
Product Width: 36.0 cm
Product Height: 106.4 cm
Product Weight: 8.86 kg
Package Length: 32.5 cm
Package Width: 32.5 cm
Package Height: 111.5 cm
Package Weight: 12.5 kg

Energy efficiency

Stand-by power consumption: <2W
Voltage: 220-240 V
Frequency: 50/60 Hz

Maintenance

Warranty: 2 years

Compatibility

Included Accessories 1: FYM970/30 – 3 years
Included Accessories 2: FYM971/00 – 6 months

Country of Origin

Produced In: China

Safety feature

Child lock: Yes
